Standard and designer lift car interiors, door designs, ceiling lighting options & stunning flooring choices.
Please see the interior specification pages for the full range of options.

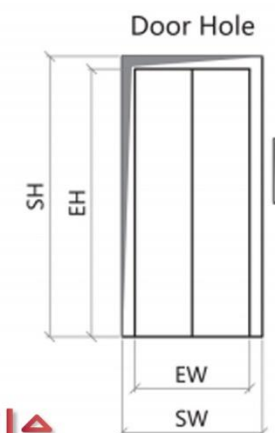

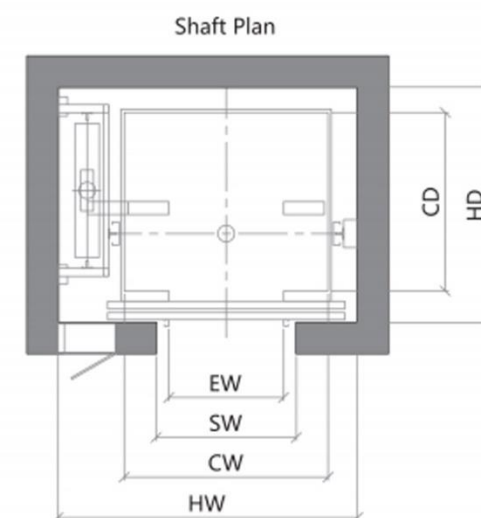

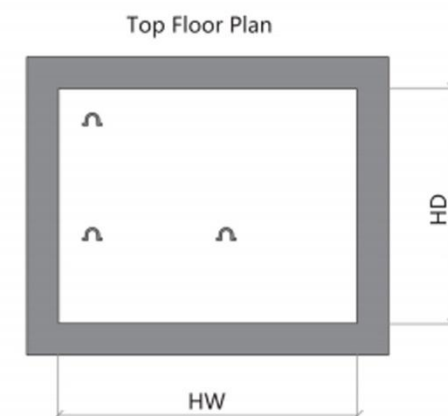

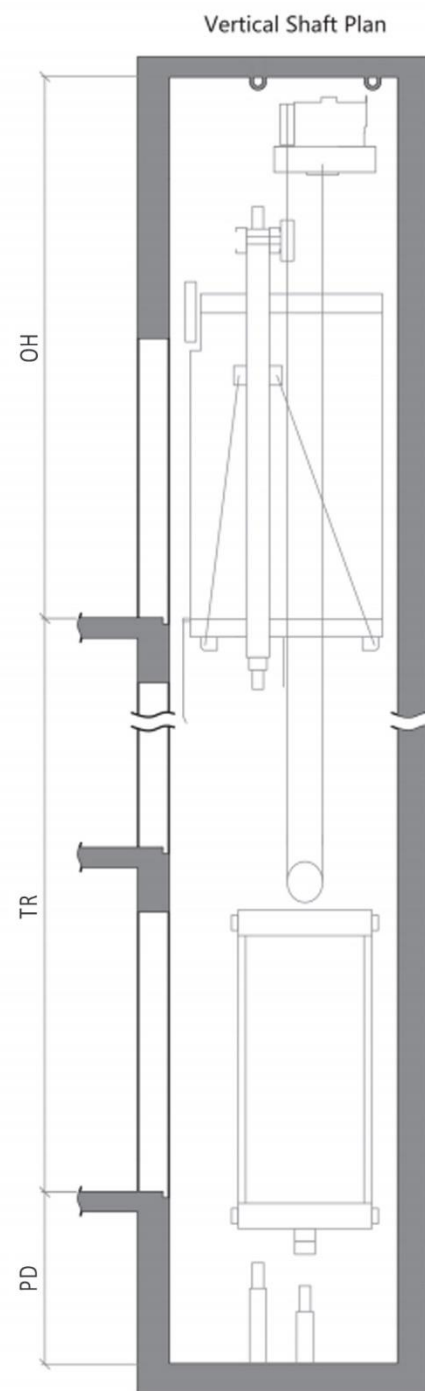

Lift Control Panel to be situated on the top floor to the left or right of the door.

Standard 3000mm Floor Height

If you are very tight on space, or need alternative specifications in any area, we may be able to accommodate your requirements. Please contact us for assistance.

For existing lifts with different shaft dimensions, please contact our Sales Team who will be able to advise on alternative options.

This data sheet is for shaft size guidance only. We are happy to consult with your M&E Consultants regarding the full specification. We have a policy of continual product improvement and reserve the right to alter specifications and dimensions without notice. Please contact R J Lift Services for the latest version of this document and for the latest information regarding dimensions.
